Re: Freedom of Information Request No. EPA-R2-2016-001657
Dated: November 25, 2015

Dear Ms. Land:

Your request for information has been referred to this branch for response. We have searched the Resource Conservation and Recovery Act (RCRA) files and/or computer database as appropriate to respond to your request. In addition, you may also receive information from other program areas within this Regional Office.

We are enclosing a copy of the RCRA Facility File Index Sheets for Becton Dickerson & Company/Bd East Rutherford Groundwater Treatment Plant at Stanley Street/101 Route 17 South in East Rutherford, New Jersey. Also, enclosed is a copy of the RCRA Compliance Monitoring, and Enforcement Data Report regarding inspection information for Bd East Rutherford Groundwater Treatment Plant in East Rutherford, New Jersey. We do not have any additional records for this site at the Federal Records Center in Kansas City, MO.

The approximate amount of RCRA information that we have for this facility is 5 inches. One inch is equivalent to 250 pages. The cost for copying each page is \$.15.

We welcome you to visit our office to review the RCRA files. We will arrange to make the files available to you that are located in our RCRA file room on the 15th floor. Kindly arrange your appointment with Mr. David Abrines of my staff at (212) 637-3043. The file offices are open between the hours of 9:00am - 4:00pm at the following address:

Room 1538, 15th Floor
290 Broadway
New York, New York 10007-1866.

Be sure to bring a copy of this letter when coming to our EPA file office, and make reference to the EPA ID Number NJD000304782.

If you decide that you cannot visit us, another suggestion is that you can select the information that you need from the RCRA Facility File Index Sheets. You can place an asterisk next to the documents that interest you on the index sheets, and then e-mail the information to abrines.david@epa.gov. Afterward, Mr. Abrines will review the documents that you selected on the indexes, and contact you concerning the final cost.

We did not find any (RCRA) hazardous waste information for Becton Dickinson & Company at the other street names on Ann Street; Cornelia Street, and Orchard Street in East Rutherford, New Jersey.

In addition, we are enclosing a copy of a RCRA handler report for other Becton Dickinson sites located in New Jersey other than East Rutherford, New Jersey. Please review the report and advise us if there are any facilities you may need further information. You can indicate which sites you are interested in, by placing an asterisk next to the EPA Identification Number(s) and e-mail to abrines.david@epa.gov. Please reference the above FOI Request Number in the subject area of your e-mail if you decide to send the information electronically. If you decide to visit our office to review the Becton Dickinson, East Rutherford, New Jersey files mentioned above, we can provide the other facility sites listed on the report for your review as well.
